

CIRM Funded Clinical Trials

**Phase 1 Clinical Trial of Autologous GD2 Chimeric Antigen Receptor T Cells for Diffuse Intrinsic Pontine Gliomas and Spinal Diffuse Midline Glioma**

<b>Disease Area:</b>	Brain Cancer
<b>Investigator:</b>	Crystal Mackall
<b>Institution:</b>	Stanford University
<b>CIRM Grant:</b>	CLIN2-12595
<b>Award Value:</b>	\$11,998,310
<b>Trial Sponsor:</b>	Stanford University
<b>Trial Stage:</b>	Phase 1
<b>Trial Status:</b>	Recruiting
<b>Targeted Enrollment:</b>	54
<b>ClinicalTrials.gov ID:</b>	NCT04196413
